

Parent Partnership Program

Are you running your family, or are you leading your family?

At 6 months, they'll follow you anywhere...

Come together with other parents at workshops that develop your confidence in your parenting instincts, and teach you how to lead your family to greatness. We present The Biggest Job® 10 Priorities as concepts to think about, wrestle with, laugh about and, most importantly, to apply fully to your daily lives.

During the '09-'10 school year each elementary school in the MSAD 75 district will host several workshops on these themes continuing our Parent Partnership program from last year.

Comments from participants:

- This program helped me step back from the daily grind and take a look at the big picture of my parenting.*
- I liked the social aspect of getting to meet more parents from the school.*

... and then things change.

10 Priorities:

Truth Over Harmony • Principles Over Rules • Attitude Over Aptitude • Set High Expectations And Let Go Of The Outcome • Value Success And Failure • Allow Obstacles To Become Opportunities • Take Hold And Let Go • Create A Character Culture • Humility To Ask For and Accept Help • Inspiration: Job #1

(Based on The Biggest Job® We'll Ever Have (Scribner 2002) by Malcolm and Laura Gaud.)
